

**Conservation Council
of South Australia Inc**

The Jill Hudson Award for Environmental Protection

The Award is to go to a person living in South Australia who, in the twelve months preceding the Award (ie in 2008), made an outstanding contribution to protecting the environment. It will be made without regard to age, race, religion or gender. The recipient of the Award may be a volunteer, an employee of an environmental organisation, a government employee, a politician, an educator or a journalist.

The aim of the Award is to recognise not only the efforts of the recipient but also the circumstances under which the recipient worked in his/her efforts to protect the environment. Special consideration will be given to nominees who have had to contend with significant government, political, corporate, media or institutional prejudice in their efforts to mobilise public opinion to protect the environment. The winner will receive a cheque for \$1,000 and will be profiled in CCSA's *Briefs* newsletter.

Previous winners have included:

- **the Kupa Piti Kunga Tjuta Aboriginal Corporation** for their inspiring campaign against the proposed nuclear dump in their country
- **Richard Owen** for his ongoing work in campaigning for, and delivering, significant environmental outcomes for areas around the Murray Mouth
- **David Noonan** for his work as the hub of the anti-nuclear campaign in SA
- **Mark Parnell**, solicitor with the South Australian Environmental Defenders Office for providing an exceptional legal service for both the environment community in this State and the broader community and regional SA.
- **Kevin Buzzacott**, Arabunna Elder, for his campaign to protect Lake Eyre, jointly with **Joel Catchlove** and **Sophie Green** for their outstanding work with Friends of the Earth and the Clean Futures Collective.
- **Alice Mussared**, for her project Rock Against Warming, which included producing a CD featuring young local Adelaide bands. This raised money to support the Walk Against Warming, as well as awareness among youth on climate change. At just 16 years old, Alice was the youngest-ever winner.

Nominations for this year's Award close at **5pm, Friday 5th June, 2009**. Presentations will take place at an awards ceremony in June.

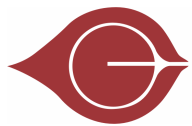

This annual award is in memory of

Jillian Hudson

7 September 1948 - 9 August 1997

Jill Hudson was born, lived, studied, taught and died in South Australia. Most of her working life was spent teaching primary school children. Jill had strong concerns for the environment and she made sure that these concerns were passed on to her students whom she told:

**"Life is an opportunity and its purpose is to stand for something
and to make a difference"**

The Jill Hudson Award for Environmental Protection
Nomination Form 2009

Please remember when submitting your nomination that the judges will be basing their decision on the information you submit, and that a statement should accompany this form detailing:

- What the nominee did in the area of environmental protection in South Australia in the past 12 months (ie in 2008), and
- The circumstances under which this action occurred.

Name of Nominee
